

Our Mission

Our mission is to provide and maintain an organisation tailored to meet the needs of our older residents who want to remain in their own homes with safety and dignity as they age.

Successive governments have made policies which encourage people to remain in their own homes for as long as possible as they age. KADAP Incorporated is our community's way of assisting people achieve this with dignity. A retirement home or village is not the answer for everyone and research shows that people are happiest when supported to remain in their own homes and environments.

Membership of KADAP Incorporated offers access to a number of services and facilities, with assurance that specially-vetted volunteers may be available to help with those small tasks that a member can no longer do; and also that tradespeople who come into their homes have been vetted to provide a fair reliable service.

Many agencies, already present in Kawerau, provide assistance to many, but that is only part of the issue. KADAP Inc. is here to help fill the gaps in the needs of older people who may not qualify for aid from these other agencies.

KADAP Incorporated is a *not-for-profit Charitable Trust*, governed by an experienced volunteer Executive Team. We operate on ethical and professional lines, to ensure the provision and enabling of helpful services to members.
